

**LETTERS TO THE EDITOR****No to amendments**

The 2018 N.C. general election ballot includes six proposed N.C. constitutional amendments, for which voters may vote “For” or “Against.”

The League of Women Voters NC and Henderson County do not support proposed constitutional amendments unless they are well crafted and address matters of acute and abiding importance. None of the six proposed amendments that appear on the 2018 ballot meet these standards. Furthermore, four of the six are dangerous to the democratic health of our state, requiring LWVNC and LWVHC to come out against them.

The other two amendments, Hunt and Fish and Victims Rights, did not originate in North Carolina and are sponsored and advertised by parties outside our state.

Before you vote, please consult a nonpartisan guide, such as VOTE411.org, so that you can make an informed decision on these important issues.
