

A one-stop shop

To the editor: Tuesday, Nov. 6, is a critical Election Day. Voting is our way to make a difference and influence our communities. Developing our own personal election plan will ensure that our voices are heard.

The League of Women Voters' election website, VOTE411.org, is a one-stop shop for everything needed to develop your election plan. At VOTE411.org, you can find your polling place and also look up your ballot by entering your address. This will show you all the candidates and issues you can vote for this election, along with candidates' responses to our nonpartisan questions and the ability to compare them side by side on where they stand on the issues.

We also encourage all voters to vote early if possible because it relieves polling places from extra-long lines on Election Day, and it's way easier for the voter!

Putting together a plan will help you get to the polls with all the information you need. You can also encourage your friends and family to form their own election plans.

Please know that by voting you are fulfilling the single most important aspect of our democracy. In this time of political divide, voting brings us together as Americans.

Rachel Poller and Nan Jennings, co-presidents, League of Women Voters Henderson County
