SEPTEMBER 17th GENERAL PROGRAM

League has long recognized children's needs for special support and seeks to advocate the positions they hold for childcare, financial assistance to low-income families, health and safety standards, early intervention for children at risk...all designed to help children reach their full potential. League supports policies and programs at all levels of the community and government that promote the well being of children. Here in Henderson County there are many agencies which address the numerous and widely varied issues re: children's welfare at different ages. In the past two years in HC, there have been education/awareness panels which have shared the plight of homeless children, high-risk children, teen pregnancy, hungry children, drug problems, inter-cultural needs, parenting education, and bullying issues in schools. The huge project, "United Agenda for Children", from CFRC, brought forth over 300 people who identified and prioritized action for children's needs in our county!

In the Sept. 17th program, we are going to "start at the beginning" ages 0- 3 to, understand the 'why and how' of planting seeds (in them and maybe their parents) to help them grow to their fullest potential and hopefully, lessen the intense issues of older children! This informative presentation will share CFRC's programs pertinent to 'Early Intervention for Children at Risk', a League position since 1994.

FROM THE LEADERSHIP...Nancy Glowacki, President

“LWV is where hands-on work to safeguard democracy leads to civic improvement.”

The League of Women Voters of North Carolina will have five areas of focus during this Regular Session of the Assembly , which are: 1. Campaign and Election Reform, 2. Access to Government,(Sunshine Laws) 3. Environment, 4. Tax & Budget Fairness, and now an addition, 5. ERA...Equal Rights Amendment passage We in the Henderson County League (one of 16 in the State) will integrate some of the State’s priorities into our own along with our local program plans, (See the section on the ERA below)

There is a saying that **“many hands make light the work”**. In that vein, we invite you all to jump into the agenda! We like to see our seasoned members take on different ‘roles’, try a new focus ; and we welcome new members to match their interest and skills to a task that really inspires them as well. We educate and advocate! That is our prime reason to exist...and we constantly refine and redesign our own approach to our work! It’s fun, it’s rewarding both individually and collectively, and it’s “the place to be in 2009-10”! Together we will set realistic goals and reach measurable results that lets us know “we do make a difference”!

WATCH FOR the full 2009-10 calendar which will be published in the September bulletin along with the full **Board and Leadership list for 2009-10**. Please “clip and save” these pages for easy reference this year...and then you can fill in any updated calendar information that is sent along monthly !

Another long range personal goal is to start planning now to attend the **LWVUS NATIONAL CONVENTION IN ATLANTA NEXT JUNE to celebrate League’s 90th Birthday!** Being so close finally, it’s ‘do-able’ for us!

Education Of LWVUS Immigration Position at the Convention...and Beyond

The advocacy work of the LWVHC in the field of immigration was carried to the State Convention by Joe Glowacki and Lee Luebbe. An estimated 30 – 35 persons filled the room Friday afternoon to learn more about the education program LWVHC has developed on the national position. Jan Allen provided her computer skills generously so that the CD copies of the Power Point and accompanying script could be purchased for five dollars each. The National Council of Churches offers excellent handouts available at no cost; these were also distributed. Individual Leagues who would like to order and distribute these to other organizations and churches may request up to 50 copies online at www.nccouncilofchurches.org.

And here in Henderson County League....

A new group in Waynesville, NC, Friends of the Library, has expressed interest in having the program presented.

Monitoring the proposed legislation introduced by Congressman Heath Schuler in light of the LWVUS position will be the topic of the next Immigration Committee meeting.

Every LAST Friday night of the month, there will be a silent vigil at the Historic Court House on Main Street from 5:30 PM – 6.00 PM. Any citizen who participates in the silent vigil is asked to wear black and meet in front of the Historic Court House. Signs are welcomed, and should be positive. Several leaders bring extra signs as well for anyone to use. Some examples are: “Justice for Immigrants”; “Keep Families Together”, etc. These silent vigils are the initiative of the Justice Initiative and El Centro. Be sure to wear your League button if you can attend --- talk to the other citizens who attend about the LWV study and position.

LWVHC Held an ERA Caucus Friday Night of Convention

With ERA informational handouts and the showing of a 17-minute DVD about the need to pass the ERA, a roomful of delegates and attendees of the Convention listened attentively and asked questions about the current status of the ERA ratification. The LWVHC made a proposal that if a resolution was passed to move the ERA to an area of focus that we in Henderson County would initialize action to involve all Leagues in NC in the effort to have North Carolina become one the three states needed to ratify the amendment. On Sunday morning, the Convention voted to make it so!

The networking has begun, contacts and information are coming our way, and in August and September we shall create a process of steps and stages to bring all Leagues together in the effort. We already have support from a woman Representative of the State House to bring the bill before the House! Others have contacts with Leagues and/or groups in other states who are also trying to move their state toward ratification. Coming together is the only way to make it happen!

If you have a passion for this movement to take place in North Carolina, and specifically to assist in the process with our own League, please call Nancy Glowacki, 693-5257 to express your interest! This promises to be an exciting project of research, organization, communication, and advocacy...it's been 85 years since Alice Paul initiated the idea that the language of an Equal Rights Amendment was a statement of freedom that must be made in our Constitution...it's about time we made it happen, once and for all!

**SOCIAL POLICY PARTNERS COME TOGETHER UNDER NEW UMBRELLA!
Martha Sachs, Social Policy Chair**

On July 28, Martha Sachs held a brief meeting to explore the possibility of enhancing the interaction among the various aspects of Social Policy currently operating as separate League chair/advocates on League positions, i.e.: children's issues, juvenile justice, immigration, health care, elder care, mental health, housing, etc. Those attending were Renee Kumor, Joe Glowacki, Lee Luebbe, Carol Ward, and Nancy Glowacki, ex officio. (Iris Vanek was unable to attend) Lee also acted in her new role as Committee-Building Mentor. While members will continue to work in their separate areas as usual, it became apparent that there are profoundly meaningful interconnections and that we could benefit greatly from one another's input on a regular basis. The group will meet again on Tues. Sept. 8 for a longer session and continue the pursuit of inter-coordination. Watch for further reports of progress in the Bulletin.

NATURAL RESOURCES: Barbara Barnett, Chair NR for State & National Issues

THE AMERICAN CLEAN ENERGY LEADERSHIP ACT OF 2009 (Senate Version)

The House of Representative passed the American Clean Energy & Security Act of 2009 on June 26th. This historic legislation will meet the challenge of cutting the carbon emissions that cause global warming 80 percent by 2050, which is necessary to preserve the planet for sustainable living. Now the bill is sent to the Senate.

There are many strong aspects of the bill and there are *four key areas that need improvement*.

1. Cleaner & cheaper energy sources, such as, wind and solar power,
2. Focus on reducing energy waste – investing in energy efficiency,
3. Keep EPA authority intact – clean up dirty coal plants by implementing the Clean Air Act,
4. Hold polluters accountable – polluters must pay for carbon pollution.

The Senate version is titled American Clean Energy Leadership Act of 2009 and remains in the Senate Energy & Natural Resources Committee. You can read a summary on line.

Your Representatives and Senators will be in your home district in August. This is an opportunity if you have questions about the bill. Tell them we need a strong bill.

STATE: APPALACHIAN MOUNTAINS PRESERVATION ACT

Rep. Pricey Harrison (Guilford County) will introduce a bill to be titled: “ **An Act to preserve the Appalachian Mountains by prohibiting electric public utilities that operate coal-fired generating units located in North Carolina from purchasing or using coal that is extracted using Mountain Top Removal coal mining.**” This bill would amend Chapter 62 of the General Statutes by adding a new article called “ **Article 5B, Appalachian Mountains Preservation Act**”. *The LWVNC supports this bill. Call your State Representatives and ask how they voted and why?*

BULB FUN-DRAISING GOES OVER THE TOP! Gwen Hill, Bulb Fundraiser Coordinator

Thank you, League Members!!! We exceeded our goal on Fall Bulb Sales, totaling \$1844.29 in sales and \$25 in donations. That means the club made \$957.15 in this venture, totaling \$1080.15 in sales and donations for the year in the Bulb Fundraisers. I would like to say a special thanks to Lee Luebbe, D. J. Hedinreich, and Marion Huffman for their extra sales efforts in their community. These women did an outstanding job!

We will offer Spring Planting Bulbs again for 2010! (In addition to the Fall bulbs later)

NEW Sales will begin in October for these bulbs which are planted in the late Spring and bloom in mid Summer. If you purchase bulbs from both fundraisers, you will have a beautiful flowering garden from Spring to late Summer. Remember the League gets 50% of the sales. Proceeds from the fundraisers help pay for scholarships and League supported projects. Order forms and flyers will be attached to the Fall bulb orders when they are distributed in early October. If you did not order bulbs and you would like to receive information about the Spring Bulb fundraiser, contact Gwen Hill at 693-1712 ext. 111 office or 891-8083 home.

SHARING AND CARING

With grateful acknowledgement of her time spent with us (albeit too brief) and her long-time committed energy to the League over the years, we are feeling the sadness and loss of **Ann McGrath** who had joined our League less than a year ago in September 2008.

Ann Dowell McGrath, 74, passed away on Saturday July 25, 2009, surrounded by family and friends at the Hospice of the Carolina Foothills. (an excerpt from the Times-News online July 29, 2009.) “While raising three active boys, she also devoted her energy to a variety of benevolent causes, most notably the League of Woman Voters, Another Mother for Peace ,and Pentland Hall of Dade County, where she worked one-on-one with troubled girls.....” , then “In 1981, she married Thomas McGrath. After discovering the beauty of the Blue Ridge Mountains, she and Tom moved from Miami to Tryon in 1999.”

Phyllis Bentley, our new Membership coordinator, suffered a bad fall recently and is recuperating slowly; at the same time **Rabbi Phillip Bentley**, also a League member, had a pacemaker implant ! Family is assisting as are friends, but cards from Leaguers would bring some sunshine too!

Note: Members...whenever you become aware of any ‘caring and sharing’ that needs to be communicated among us in League, please let me know...we are connected to make a difference in our lives. Nancy, Editor

SOME NOTES OF INSPIRATION FROM MARION WRIGHT EDELMAN 1939-

Edelman is a favorite among Leaguers since she speaks to our hearts and what we hold dear in our mission. She was the founder and President of the Children’s Defense Fund, the first African American woman admitted to the Mississippi state bar, and author of several successful books. From her words....

“ If you don’t like the way the world is, you change it. You have an obligation to change it. You just do it one step at a time.

“ Service is the rent we pay to be living. It is the very purpose of life and not something you do in your spare time.”

“If we don’t stand up for children, then we don’t stand for much.”

“I’m doing what I think I was put on this earth to do. And I’m really grateful to have something that I’m passionate about and that I think is profoundly important.”
