Some Points to Make (in your own words): The FIRST ONE IS KEY POINT!

- ASAP Move the bill out of committee with a favorable report and onto the floor for a hearing and vote
- The 14th Amendment does **NOT** provide strict scrutiny in sex discrimination cases
- Women should be full citizens of the US ; they comprise over 53% of our population
- Laws we thought would protect or include women have not been enforced consistently
- This is about Human Rights and Civil Rights ; NOT A PARTISAN ISSUE
- Our daughters, wives, sisters, partners deserve equality of rights as human beings
- Supports families, helps moms and kids out of poverty, builds the economic power of women

- Make NC the 38th state and make history; honor the women and men who have persisted for equal rights for the last 97 years and who know this is the right thing to do.

In addition, If you would like to email every member of the committee , their names are below. The more we reach, the more often, the more impact! Thanks..
