**Program Planning** for the LWVHC is coming January 15, 2-4 PM, at the Unitarian-Universalist Church Fellowship Room !

Are you active in the concerns that matter most to you on a Local and State level? Discerning our priorities together through the process of Program Planning is a vital part of our work and the League invites each of us to lend our voice!

Each year, the **Local** Program items on our organizational agenda are reviewed and adjusted by the membership. (Check our current Local Program in the Annual Meeting Booklet from May, 2008 for details or go to [www.lwvnchc.org](http://www.lwvnchc.org) and read them New suggestions for study are raised at this annual Program Planning session and then brought to the Board of Directors who will then present the suggestions as either recommended or non-recommended at the Annual Meeting in May where all the members present make the final choices by vote.

Every **other** year when the **State** holds a Convention, Local Leagues have the opportunity to submit topics for new studies as well as modifying current positions as explained in the previous paragraph. The deadline to submit ideas for consideration at the LWV State Convention is March 1. Delegates to the State Convention, June 5-7, will vote on any new item and/or set priorities for focus in the General Assembly the next two years.

For the **existing State** positions, go to the [www.LWVNC.org](http://www.LWVNC.org) . The general categories are Government, Human Resources / Social Policy, and Natural Resources/ Environmental Quality. Handouts will be provided at the meeting.

If you are a new member within the last two years, this meeting will provide insights to the many positions League has reached on the State level and upon which Local Leagues may act. While this meeting gives all League members an opportunity to voice their ideas for new topics to research and study, it also inspires us with a greater appreciation of the rich history of LWV in North Carolina and Henderson County .

**Let your voice be heard!** Come prepared to share some ideas for the local and/or State programs! It is so important that we as a League "push our hot buttons" and get to work on vital issues!

## FROM THE LEADERSHIP...Nancy Glowacki, President

"I think the women's clubs of America should raise more hell and fewer dahlias" James MacNeil Whistler  
(he obviously didn't know about our bulb sales!!! We do both!)

HAPPY NEW YEAR IN 2009! The holiday season has come and gone...and League is back at work after the brief interlude! Here are some of the ongoing study and actions in our full schedule of efforts... Dixie Blumer, Affordable Housing Coalition representative, continues working toward a stronger Minimal Housing Code; League's column "The League View" informs the public every week in the Sunday edition of the Times News; Natalie Zitnick, Democracy Speaks Chair, initiates a new committee to study the National Popular Vote; Lee Luebbe and the Immigration Committee presents the League's position three times in January with more to be scheduled in the near future; Jan Allen, Natural Resources Local Chair, leads the growing NRL committee to revise our position on Solid Waste as well as to serve ECO, CMLC, and Sierra committee; Renee Kumor oversees the revision and printing of our "Know Your Government Booklets" for distribution in the county; Barbara Barnett, Nat.-State Natural Resource Chair contributes her vast knowledge and urgency to us on environmental matters; Joe Glowacki, Judicial Advocacy Chair expands his committee to review our position on Family Court after receiving favorable word that the push for a second court session per month may be instituted soon; Alma Rodriguez-Jones, Renee Kumor, Mary Ann Engel, Kathleen Lees, Priscilla Burch, and Jean McGrady plan special celebrations of Law Day, Women's History Month, and Sunshine Week in the months ahead; and Martha Sachs, Social Policy Chair, keeps us all on our toes with her knowledge and monitoring of legislation pending and passing as well as charging us with "alerts"! There's more! Mary Ann Engel and the Membership committee and other leaders and committees labor so effectively and blend their activities with the whole...every effort feeds the whole! Indeed, we are fortunate to be so abundant in our membership and leaders, to attract new members who want to be involved with League, to have a community such as Henderson County which welcomes and respects a working relationship with League. And we are so fortunate to have the endless energy and creativity of members who choose just the perfect issues on which to focus and act! Let's attend the Program Planning meeting Jan. 15 to put it all together!

With all this gratitude in mind, LWVHC is planning a **Special Celebration of the National League's 89<sup>th</sup> Birthday on February 12 from 2-4 pm at Carolina Village!** We shall bring together as many members as we can...complete with chauffeuring those who no longer drive! We will share a DVD story about League, enjoy a wee bit of song and entertainment, a Birthday Cake, and a rare chance to come together as only Leaguers can do! We will be in touch with each of the members by phone! Mark your calendar NOW!

## A SPECIAL NOTE OF GRATITUDE...

When Ruth Birge, Publisher of the Times-News of HC, left her post at the newspaper just before New Years, we in the League lost a tremendous advocate and friend! We owe her a debt of gratitude for her encouragement and support over the years...we honor her energy and courage...and her humor! Thank you Ruth!

## **KIDS VOTING HENDERSON COUNTY REPORT**

**Marian Lowry and Priscilla Burch**

Voters Service of LWVHC initiated Kids Voting Henderson County in 2004. Since then Kids Voting has depended on the support and credibility of the League to educate the public.

Early Voting sites were established at the Board of Elections, Etowah Library, Fletcher Library, and the Flat Rock Village Hall. On November 4<sup>th</sup>, there were 33 polling sites with Kids Voting ballots, booths, and "I Have Voted" Stickers. Ten (10) of these sites were covered by League of Women Voters members and five (5) were covered by 4-H clubs.

In all, 309,564 North Carolina students cast ballots, about 41% of the state's student population. In Henderson County, 1,312 students voted at the polls and 6,515 students voted online. There are about 15,000 students in Henderson County.

Thank you League and League members for all your help and support!

## **THE POPULAR VOTE...A NEW STUDY ON THE HORIZON**

**Natalie Zitnick, Chair... Democracy Speaks**

At the 2008 League convention, the delegates voted to adopt a new study, "The Advisability Of Using The National Popular Vote Compact Among The States As A Method For Electing The President".

The League believes strongly that the Electoral College should be abolished and not merely reformed. To that end, we in the LWVHC are forming a committee to take part in the National Popular Vote Study. If anyone would like to join the study group that is forming, please call me: Natalie Zitnick (828)692-9088 . Our first meeting will be on Tuesday, Jan. 13, 2009 from 1:45-3:00 pm , in the Assembly Room, Village Hall, Flat Rock.

## **NATURAL RESOURCES...State and National...Barbara Barnett, Chair**

**Duke University Study Highlights**

A Chapel Hill & Duke University study by the Nicholas Institute for Environmental Policy Studies recommends steps the State should take to avoid water shortages in the future. The State is one of three States that doesn't require industries, large scale agriculture and big water users to get a permit to make withdrawals. Without a permit system, State water officials don't have a clear idea of how much of the States total flow is currently tapped and how much water there is to accommodate growth. The studies recommendations include:

1. Set up a permit system for industries, utilities and municipalities that use 100,000 gallons of water per day or more!
2. Develop planning models for each of the States 17 river basins to set water budgets,
3. Establish statewide goals for water conservation,
4. Encourage water systems to charge rates sufficient to cover the costs,
5. The recent drought offered a glimpse into the future. Conflict over water resources is evident by the South Carolina Law Suit challenging North Carolina policies.

Senator Dan Clodfelter (Charlotte) co-chairs the Environmental Review Commission, a panel of legislators that makes recommendations to the Legislature on environmental issues and will examine the studies findings. This is one to watch. "Eternal Vigilance" T. Jefferson

## NATURAL RESOURCES LOCAL (NRL) Jan Allen, Chair

This growing team serves to represent League as volunteers in three major environmental organizations here in Henderson County – ECO, Carolina Mountain Land Conservancy, and the 4-Seasons Sierra Committee. And also as members of the ECO recycling committee, our members are updating our position on Solid Waste. We have representatives on ECO's recycling and Water Quality committees, but would like to add our voice and efforts to their Project Green Light/energy and their Green Infrastructure aspect as well. In addition, we are looking for someone to represent League on the CMLC and Sierra Committee! So the door is open to environmentally concerned members! Join us by calling Jan Allen at 692-6248
